<b>Job Title: Country Director – Lebanon</b>	<b>Supervisor: Program, Operation and Advocacy Director CARE France</b>
<b>Department: CARE International in Lebanon</b>	<b>Location: Beirut / Lebanon</b>

### **Background**

CARE International (CI) is a global confederation of 14 humanitarian and development non-governmental organizations working to reduce poverty and social injustice around the world. CARE manages operations in 80 countries.

Reporting to Program, Operation and Advocacy Director / CARE France, The Country Director (CD) has the overall responsibility for the effective management of CARE International operations in country, consistent with CARE International’s vision and mission, core values and program principals, global program strategy and operational code.

### **Job Summary**

The Country Director has overall responsibility and leadership of the CO’s performance, s/he represents CARE in the country, guiding a relevant program strategy development and implementation consistent with CI’s global strategy, ensuring effective and timely humanitarian response capacity, leading strategy development, change management, operational planning, and overseeing financial, operations and human resource management, including the safety and security of all CO and visiting CARE staff.

The CD models and ensures systematic practice of CI values and new ways of working by fostering innovation, helping to build effective teams, coalitions and networks and encouraging on-going staff development to motivate and strengthen the organization’s resilience in the face of change. S/he promotes gender equality and diversity among CO staff and in programming.

In doing so, s/he:

- Ensures that CARE’s role in the country is aligned with CARE’s global program strategy and continuously evolves to achieve the greatest impact and relevance in the operating context;
- Positions CARE as a partner of choice and an influential voice in reducing poverty and social injustice;
- Leads the organizational changes required to align to the CO’s Country Presence Review outcomes and CI’s global vision and strategy;
- Leads and oversees the timely transformational changes required to align CARE International in Lebanon to CARE International’s program priorities, advocacy strategy and operational models;
- Lead, promote and oversees mainstreaming of gender issues in the Country program policies, strategy and program development;

## **Country Office Highlights**

CARE International has been established in Lebanon in 2006. After a period without activities, CARE has restarted programs in 2013 with the aim to support the most vulnerable population affected by the Syrian crisis inside Lebanon. To date, CIL has reached 300 000 people in the areas of Wash, Livelihood, Basic Assistance , Shelter and Protection.

CARE uses a program approach to address the underlying causes of poverty for marginalized groups and works in collaboration with national and county governments, communities and development partners to implement programs and influence policies that reduce poverty and social injustice. CARE works with a range of stakeholders including the Government, the private sector, local and international non-governmental organisations, community-based organisations and local communities to promote lasting change and innovative solutions to complex humanitarian and development challenges.

CARE International in Lebanon has reviewed its strategy in 2016: CIL supports and enhances the stabilization and resilience of the most vulnerable populations and communities, with a particular focus on the rights and needs of women and girls, to ensure that they are empowered through greater social justice and sustainable economic development.
