Country Director

CARE International

The type of contract will depend on the country and the profile

Deadline of application: **Open**

Start date of the contract: To be defined

CONTEXTE

CARE is an international humanitarian and development organization without religious, political or government affiliation. CARE is committed to protecting and promoting the rights of vulnerable girls and boys, women and men and improving the lives of refugees and host communities alike.

CARE works at national, municipality and at the community level to develop customized solutions and ensure long-term sustainability as well as respond to basic needs. We design projects that fall into alignment with national priorities and be owned by communities. Our interventions range across clean water, affordable sanitation and community healthcare and sexual and reproductive health rights programs, economic opportunities, and protection. Across program areas, CARE's activities are guided by a rights-based, holistic, gender-sensitive/transformational, and inclusive approach.

Reporting to Program, Operation and Advocacy Director/CARE France, Care International is looking for **a Country Director (CD)** who has the overall responsibility for the effective management of CARE International operations in country, consistent with CARE International's vision and mission, core values and program principals, global program strategy and operational code
